

Thanksgiving thankfulness.

This Thanksgiving I am thankful for three reasons. I am mostly thankful for my family. I'm thankful for my family because we are so lucky to see each other every day. I'm also thankful for my health. If i did not have good health i would not be able to move the way I would like to move. Finally I'm thankful for my home. I'm glad that I can have shelter and way more things. This is why I am so thankful this thanksgiving and every thanksgiving.
