

Grateful Essay

This Thanksgiving I am thankful for three reasons. First, I am thankful for my "FamFam" that means family. I am thankful for my family because they treat me how I want to be treated all the time. I am thankful for my family because they feed me well not just on Thanksgiving but every day. I am excited that my mom is pregnant and my brother is going to be born before the day of my birthday. They are very respectful to me also. The next reason I am thankful is my health. I am thankful for my health because my heart is thumping and my lungs are working. I stay in shape by eating healthy. Finally, I am thankful for my friends. My friends look out for me when I need help and when something is wrong. They show empathy when I feel sad or hurt then they feel what I'm feeling. In conclusion, I am thankful for my family, health, and friends.
