

Kacey

What i am thankful for i am thankful for family because they buy care for all of our family and me if i did not have a family i would be poor and alone and no one would love me or care for me but some people would care like nice people mean people don't care about you but family do care and love you.

Another thing i am thankful for is school because it teaches you math and history and how to be anything you want to be like to be like a astronaut or a doctor,nurse or a vet and other things.Also school can get money or a scholarship in anything.

Finally i am thankful for is art because it can express your feelings like if you are mad ,sad or happy. Also how you can express the outside of where where you are or it can be fiction.
