

Ps. 238

class 2-225

Khadija
November 15, 2018

Every year on Thanks giving. We think about what we are thankful for. This year I am thankful for my family, friends, and teachers. I am thankful for my family because they help me when ever I need their help. And I have a lot of fun with them. And I love them most of all!

I am thankful for my friends because we have so much fun in school together. And we all help each other when one of us needs help. And me and my friends love each other. I am thankful for my teachers because they are all nice

to me and when I need
help I ask my teachers
and they help me. And
they're all very pretty. I am
thankful for all of these
things I wrote about.
