I Am Thankful For

I am thankful for my friends because they are nice to everybody in school. I am thankful for my family because they love me and I love them so much. I am thankful for my school because school helps me learn all day. I am thankful for food because it helps me so that I don't get hungry at home. I am thankful for God because He Died for us to live. I am thankful for my home because it gives me a place to live. I am thankful for my homework because I can do it by myself. I am thankful for my teacher because she helps me. I am thankful for my reading because reading is fundamental and I am thankful for my pencils because without them, how am I going to write my words?
