What I'm grateful for November,6

One thing I'm grateful for is my family because my papa is the one who's funny in the family. My grandma makes great food for us I say she should go on chopped cause her mozzarella meatballs are yummy. And my great grandma is the one who I can talk about anything she supports me. And my mom is the one who loves me to the moon and back and she makes good empanadas and we love to sing. And my dad is the one who taught me to love pizza .

I'm grateful for my personality because, my grandma and papa say I'm strange because I can do a cartwheel with landing on my feet some people can't, I can also move a muscle, I can make my own pizza's *but they would taste horrible*.

I love my teachers because they are the ones who give us knowledge and activities and everything in the world like Mrs Smith she was my kindergarten teacher and she would be there for me, and Mrs Lukan she was my first grade teacher and she had a baby and he was so adorable, and my second grade teacher was Mrs Baughan and we did this presentation about the presidents I did Abraham Lincoln cause he freed the slaves and that was very nice, and my third grade teacher Mrs Hollenbeck she was the best If we were good in the hallway we would get a starburst and If we were the secret star we would help her with everything, and my fourth grade teacher is Mrs Garrow we don't know what will happen this year but hey we make mistakes and we all have fun.

The End
