

Giving Thanks

By Noemi Chocolatl, Class 4-317, P.S. 238

I love Thanksgiving because I have all of my family gathered together. It is the perfect time of the year to think about all of the things I am grateful for.

I am thankful for my friends Rauhah and Aliia. Sometimes I give them things to keep. For example, Rauhah is my friend and I let her keep my eraser. My friend Aliia is the best friend ever. We met in pre-school. My friend Carmy is the best. Sometimes we do not agree, but we always work it out and she is still my friend.

My parents are the best. They are from a part of Mexico which is the good place to grow crops and food. I love to celebrate holidays with my parents. My family is always gathered together when it is the day of the dead, cinco de mayo and other holidays.

My school, P.S. 238, is the best school ever. Sometimes there is no school for students and sometimes there are holidays. However, I would rather go to school than stay home. I love to learn and I love to spend time with my friends at school.

As you can see, I have so much to be thankful for. I am grateful for my friends, family members, and school.
