School: P.S. 205K

Class: 4-401

Date: November 19th, 2018

What Am I Thankful For This Year

This year, I'm thankful for my parents for helping me, providing me food, clothing and many others. I am also thankful for my teachers, Ms. Ambrosio and Ms. Abood. I am thankful for my teachers because they have taught a lot of information that will help me succeed in the future. For example, my teachers have explained that fourth grade will decide the middle school that I am going to. Also my parents, as well as my teachers, help me learn from my mistakes. My teachers are some of the best people because they help me on what I don't understand and they help me feel more comfortable in the class when I don't understand something. My teachers also tell me "practice makes perfect" and when I heard it, it didn't really make sense to me. Now I understand what my teachers mean when they say "practice makes perfect." With repeated practice problems, my skills in math and reading improved. I am also thankful for my brother because he helps me when I don't understand something, he explains them well to me. He gives me company when I need it.
