Soon it will be thanksgiving. That's when you celebrate with your family what your thankful for. People celebrate lots of activites to show what they're thankful for. They take all there time not going to work or any activity they're supposed to go.

I am thankful for my family. Every day I go home my family always does something special for me I really appreciate what they do for me. The other thing I'm thankful for is my friends. They are always so sweet and kind to me. The other things that I'm thankful for is my shelter. Many people dont have homes or shelter to stay in or live in.

I'm also thankful for my teacher. She is the one makeing me learn many different things that you need to now to go to college and high school and middle school. I am also thankful for my dog. Everytime I come home hes always jumping in the air ready for a treat.

We spent time together until he went bye bye. I was sad but atleast I took pictures of me and him every where I went with my family.

I'm also thankful for Police officers because if we didn't have them we would not be safe. If an accident happened and police officers didn't exist that accident that happened could not be fixed. So we really need police officers they make sure that whatever problem we have they can fix it or send that person to the hospital who got injured

the next thing I'm thankful for are my toys because some peoples mom. doesn't buy their children toys so I'm thankful for my toys.

That is all the things i am thankful for on thanksgiving.
