## What I am Thankful For

I am thankful for my family and all the support they gave me throughout the years. My family will forever have an important role in my life and I will never forget that. I wouldn't trade anything for my family because of the things they have done for me since I was a baby. For example, my dad can be strict sometimes, but I know that he does it for me and he knows what is best for me and my Mom cares about me almost more than anything. I don't care if I'm not rich or have a family member who is famous, and I will not trade my family for any of that. I am also thankful for having a family in the first place. In fact, I'm lucky enough to not have been born any deadly diseases. Even though I'm not orphan or was not born with a deadly disease, I still wish to all orphans who are sick the best of luck and I wouldn't ~~be~~ <sup>mind</sup> donating to them. Another thing I am thankful for my schools and the education they have provided for me so far and I look forward to a successful future and I am thankful for an opportunity to even have that. And lastly, I am thankful for Thanksgiving. Thanksgiving is the time where I get to think about all the things that I am thankful for and realize how lucky I am to have this life and I get to share what I am thankful for to everybody. These are the things I am thankful for and I am glad that I shared this information. Happy Thanksgiving!!!
