I cannot believe November is next month. I look forward to Thanksgiving every year. There are so many things I am thankful for. My mom and dad because they take care of me and my sister and brother. They both work hard to support us because they give us food and shelter. My parents help to keep growing in all areas. They keep on helping me to stay focused in school. I wish that my grandparents were here with me. I am thankful for their memories. They are in Mexico. My parents give me food and take care of me. My whole family are the best. I am thankful for my sister because she has been practicing and learning and behaving to get five medals. She is inspiring to do better too. My mom lets me dye my hair blue.

My mom already let my dad dye  
my hair red. My mom loves me  
and I love her. In conclusion those  
are all the reasons why I am so  
thankful this year.
