

I am thankful for life

By Peter Ramin

The one thing I am most thankful for is life. I am thankful for life because of all the good stuff that happens in mine. Here, you will learn what it is I am thankful for.

The reason why I'm thankful for life is because life is good and fun. Life is fun because there are many fun days and holidays. One of my most fun days would be my birthday. I choose this day because it is the day of my birth and it is a special day. I do not care much for the gifts, I care for the gift of my life. Another fun day is Thanksgiving. Not only do I eat a lot of food which I am also thankful for, but I get to spend it with my family. These are the reasons why my life is fun!

Another thing I am thankful for is my school. School is good because we get educated and the teachers work hard to educate us. I am also thankful for my video games. Life wouldn't be the same without video games. It makes life a little more better for the kids that can't make friends in the real world.

I hope you enjoy life. It is just one of the many things I am thankful for this year!
