

“What are you thankful for?”

By Chloe Williams

This year, I am thankful for many things. Some of these things include family and food.

One thing I am thankful for is my family. One reason why I'm thankful for my family is because they are always there for me. Even if I was angry or sad, they would be there for me. Another reason why I'm thankful for my family is because they feel like home. They make me feel like I can be myself around them.

Another thing I am thankful for is food. One reason why I am thankful

for food is because it keeps us living. Without food, we would all die of starvation. Another reason why I am thankful for food is because some people around the world cannot afford food.

I am thankful for many things, but these are two I am most thankful for. This is my Essay about what I am thankful for.
