

# “What I am Thankful For”

By: Joshua Bunch

This year, I am thankful for many things. The things that I am thankful for are my family, a house to live in, and an education.

The first thing I am thankful for is my family. I am thankful for my family because my family does so much for me. My family supports me in every single way. Suppose I have a Basketball game. My family would forget what they were doing, and come out to my game. The idea that I am trying to get across is that, they would sacrifice anything for me. Some of the time, my family can be a pain in the neck. But some of the times, they can be as sweet as pie. That is why I am thankful for my family.

Another thing I am thankful for is my home. I'm thankful for my home because it's nice to come home to after a long journey outside. In the winter, it feels nice to come back to my warm, heated house. In the summer, it's nice to come back home to my nice air conditioned house. I am lucky to have a house because some people are less fortunate, and don't have a house.

Lastly, I am thankful for my education. I am thankful for my education. I am thankful for my education because I want to have a good future. Some kids, in different countries, don't have an education. So I am fortunate enough to have a good education. That's is why I am thankful for it. I want a good jobs as a pastor. If I want to be a pastor, I have to be able to write entertaining scripts, for my congregation. A lot of jobs require good education . Even some school sport teams, require you to have passing grades to stay on the team. That is why I am thankful for my education!

I am thankful for all these things for a reason, because if I didn't have these things, I won't be the boy I am today!
