My Thankful Essay

A few things that I am thankful for are my family, dog, and friends. I am thankful for my family because they take care of me. They also buy me what I need to live. Also I love my cousins because they will always play games with me. I love my family a lot.

I am thankful for my dog Nico. I love him because whenever I am sad he will lick me and sit with me. He is very fluffy and chubby. I love petting him. He is the color white.

I am also thankful for my friends. They are all nice and they always help me when I need help with something in school. My friends are always there to help me.

I wrote an essay on what I am thankful for and those things are my family, dog, and friends.
