

## What I am thankful for

There are a lot of things I am thankful for. The things I am thankful for are my family. I am also thankful for my home. I am also thankful for my computer that my sister bought me. I am also thankful for my friends.

I am thankful for my family because if it weren't for my family I wouldn't be born. I am thankful for my home because if I didn't have a home I wouldn't be able to live anywhere. I also wouldn't have a place to play with other people and it would be freezing in the winter if I didn't have a bed or a warm place.

I am also thankful for my computer that my sister bought me. Without it I would be bored because I have no one to play with. The toys at my home were for when I was little but I don't use them anymore. I am thankful for my friends. I am thankful for my friends because they help me a lot. I am thankful for water and food because if I didn't have any food I would die of food and no water.

I am also thankful for plants because if there were no plants we would have no oxygen. I am also thankful for technology. If there wasn't any iPads or cars, then walking to school and back would be very hard and painful.

I am thankful for the police and firefighters because if there were no police or firefighters then the city would not be safe and if there was a fire then it would spread and burn the whole city if there was no firefighters. I am also thankful for wood. I am thankful for wood because if there was no wood in the world then we would have no doors, tables, and shelves. If we didn't have things like that it would be super hard.

I am also thankful for the sun and moon. I am thankful for the moon because if there was no moon or night time then it would be hot every day. It would be very uncomfortable. I am thankful for the sun because if there was no sun it would be cold every day.
