

Thanksgiving

Thanksgiving is a time where you spend time with your family. It's also the time where you say what you're thankful for. I am thankful for a lot of things. Sometimes I get mad at my parents but I am still grateful for them.

I am thankful for people who help our state like Marty Golden. I'm thankful for my friends too. I am thankful for not being homeless. I'm thankful for having a house that keeps me working. I am thankful for having money.

I am thankful for my parents. I am thankful for them because I wouldn't be me. I'm thankful for my friends because they care for me. I am thankful for my school. I can learn things. And my teacher Ms. Luchessi. My friends' names are Timothy, Matthew, Annalee, Raymond, Arron, Ashley, Logan, Ciro, and Nico.

I am thankful for Ms. Lucchesi. Ms. Lucchesi is a funny teacher. Sometimes she will let us watch movies. She helps us do our homework. She even tutors us. She gives us tests that are so easy. We only have 3 homework's. If she was not my teacher I would cry all day. She lets us type on computers, which I am right now.

I am thankful for my dog. She is a part of my family. She is a girl. Her name is Bella. She is a Shih Tzu Bichon mix. My dog will eat anything even paper. She will eat anything even plastic. All dogs can hear 20x better than all humans. When dogs are exposed to follow me when we go for a walk, I have to follow her!

I am 2nd most thankful for winning World War 1. We even won World War 2. I am thankful for the nurses. They helped the soldiers.
