Justin

Grade 4

11/9/18

I am thankful for 3 things and they are: my family, my life, and for God.

I am thankful for my family because we get to spend time together. My family loves me and takes care of me.

I am thankful for my life because my life is happy. I'm curious of what will happen the next day. I get very excited when something super exciting is coming in a few days.

I am thankful for God because without God, the world wouldn't exist. God created the entire world. If God didn't exist, everything in the world wouldn't exist.

I am thankful for all these things. I am thankful for my family, my life and for God.
