I will be talking about what I am thankful for.

I am very thankful for my family! I love them because they love me and take care of me. I also love them because they help me study and do my homework.

I am also thankful for my friends! I am thankful for them because they look after me and play with me. I draw with them and they play with me.

I am thankful for my house! I live in a big house. Without my house I would be homeless. I love my house! I love my house because its warm.

I am thankful for my family, friends, and my house.
