

# Thankful Writing

By Cameron Leflein

There are many things I am thankful for this Thanksgiving.

I am thankful for my house and shelter. I am thankful for this because if I didn't have shelter I wouldn't be safe. Also if I did not have shelter I would not be able to sleep due to the bad weather.

I am also thankful for my dog Padme. I am thankful for her because she keeps me company when I am lonely. I am also thankful for her because when I am under the weather she stays with me and makes me happy.

The last thing I am thankful for this year is my knowledge. I am thankful for it because if I didn't have it I wouldn't know what to do. Also because it helps me with everything.

These are the things I am thankful for this Thanksgiving.
