

This year I am thankful for many things. Some of these things include my family, my dog, my friends, my cousins, and my fish . All of these things that I am thankful for makes me very happy and keeps me laughing and smiling all of the time.

The one thing that I am most thankful for is my family. I am thankful for my family because we do fun things together all the time, they make me happy and they always make me laugh. They help me with a lot of things that I need help with. My family makes sure that I am safe and makes me feel secure at all times. Being at home is such a fun place because my family makes it that way. I love my mom, my dad, and my sister, Katie.

I am also very thankful for my dog, Gizmo. She is very cute and young, and she is always so sleepy. She barks, she loves to eat food, especially human food. Some of the foods that she loves to eat are french fries, sausages, and pancakes. Gizmo loves to play with me which makes me feel so loved.

In conclusion, these are the things that I am mostly thankful for. I really love my family and my dog Gizmo because overall, they make me the happiest in the whole wide world. I wouldn't trade them in for anything.
