

Abigail Lewis

What are you thankful for this year?

This year I am thankful for many things. Some of the things include my family, including my dog, and food on Thanksgiving.

I most thankful for my family. I am thankful for my family because they always come over for Thanksgiving dinner. I am also thankful for them because on that day we always spend time together

and maybe watch a movie. I am thankful for family because we love to spend time with each other. Also I am thankful for family because not everyone has a family on Thanksgiving.

I am thankful for food because me and my family get to eat lots of good food, like turkey. Some of the food I like would be the turkey and mac and cheese. I am thankful for food because not everyone gets food on Thanksgiving. I am also thankful for food because Thanksgiving is about everyone coming together and sharing

all kinds of food because food is the main part of Thanksgiving.

This is why I am thankful for family and food.
