

What Am I Thankful For

This year I am thankful for many things. Some of these things include my family, my dog, and my friends.

The one thing that I am most thankful for is my family. I am thankful for my family because they guide me to do the right thing. My family helps me do the right thing outside of home too. My dog keeps me company when my parents are gone. My friends keep me company at school and have fun with me. I am thankful for them too.

I am thankful for my dog because she helps me ease my stress when I have a project to finish and it is the last day to finish it. My friends are the most fun thing in school that I can play with, especially playing on computers with them. My family is the most caring group of people that I know. My mom cares for me when I am sick. My brother plays with me and keeps me company. My dad is a caring and loving parent because he does things for me and my brother so that we can have fun.

This year I am thankful for many things. I hope I am thankful for these things until the end of my life.
