I am thankful for lots of things. It would take me too long to list all of them, so I will stick with three of the things I'm thankful for. One thing is that all of the yummy food we have to eat. Another thing is that all of the cold water we have to drink. The last thing is the good home I live in.

## Food

I am thankful for food because I need it to live. Another reason is that a lot of it tastes good. The last reason is that it makes people happy and satisfied.

## Water

I am thankful for water because I need it to live. Another reason is that it quenches my thirst. Finally, I am thankful for water because you can use it to stay clean.

## Home

I am thankful for my home because it provides me shelter. Another reason is that it keeps me dry during storms. The last reason is that it keeps me warm.

## Conclusion

I am thankful for a lot of things. These are just some of the things I'm thankful for, My home, food and water.

I am thankful for many things, but one thing I am most thankful for is my parents. I am very thankful for my parents because they give me shelter, they care for me, and they are the nicest people I know.

One reason why I am thankful for my parents is that they give me shelter. I am super thankful for the shelter I live in because I live in a nice house and there is fun stuff there. For example, I like to play on my Xbox in my gaming room that my parents got for me.

Another reason that I am thankful for my parents is because they care for me. I am really thankful for this because if I'm hurt they hug me and that makes me feel better or if I'm playing sports they'll always cheer me on.

Finally the last reason I am thankful for my parents is because they are the nicest people I know. They're the nicest people I know because they often surprise me with very cool things. For example, once my parents bought me headphones for my Xbox and I got so happy.

These are the three reasons why the thing that I'm thankful for is my parents.

What do you think of when someone says Thanksgiving? Many people would say, "Food!" and, "Having a feast!" But Thanksgiving is not all about having a feast and eating turkey. Thanksgiving is a time to appreciate all that we have, and show gratitude. When Thanksgiving comes around, I like to think about how lucky I am for my family, friends, and shelter.

When it comes to family, I am so grateful for mine. My family is always helping me and encouraging for me to try new ideas. My mom makes me dinner every night and I know she tries so hard to make us happy. She always puts people's needs before hers, and is so caring. My dad is always working hard, but always finds time to hang out with me and my brother. He gives me a lot of tips on basketball, and is super funny! My brother is always saying the most funny things. He is also really good at sports, and is very-tall.

If I had to choose a quote to explain my friendships, it would be: "The greatest gift of life is friendship, and I have received it." My friends are always by my side telling me funny jokes, cheering me up if I'm sad, and helping me out if I'm stuck. They are always making me burst out in

laughter. I am so happy I have found the friends that I have got.

I think some people overlook how lucky they are to have a home. Homes provide warmth, protection, electricity, beds, and so much more that I can't even list. They are so important, because people spend so much time in their homes. Every day, I am so thankful that I get to say, "Home Sweet Home".

When Thanksgiving comes around, I try not to think about having a feast and eating turkey, but about all that we have and how lucky we are to have it. When Thanksgiving comes around, I am thankful for family, friends, and shelter, but I am thankful for that every other day of the year.

There are a lot of things I am thankful for. Let me share them with you. One of the things I am thankful for is my parents, they are very kind and give me food and put me into sports I like, another reason I am thankful for my parents is they support me when I play the sports that they let me play. Another reason i am thankful for my parents is they take us on vacation like bring me and my brother to jacksonville and visit our cousins. The final reason I am thankful for my parents is they help me. They help me with sports and sometimes homework if I need it. I am grateful for my parents.

# **Thankful**

**I am thankful for my family because they help me when im stuck . They help when im hurt and they help me learn more things in sports.**

**I am thankful for sports because I would not be athletic because I would not be strong or fast and I would have nothing to do in life beside sitting home all day.**

**I am thankful for my family' s money because I would not be able to buy nice things like food, water, clothes, shoes, a house, a car, and a bed.**

I AM THANKFUL FOR MY FAMILY, INCLUDING MY PETS.

I AM ALSO REALLY THANKFUL FOR THE AWESOME SCHOOL I GO TO WITH ALL OF MY LOVING TEACHERS. MY TEACHERS PROVIDE NEW THINGS TO LEARN EVERY SINGLE DAY. EVEN ON THE WEEKENDS I HAVE THINGS TO LEARN, SUCH AS SCIENCE, SOCIAL STUDIES, MATH, SPANISH, HEALTH, P.E, MUSIC, S.T.R.E.A.M, LIBRARY, CORE, ELA, AND ART. THOSE SUBJECTS ARE SO IMPORTANT IF I DID NOT LEARN THAT THAN I WOULD NOT BE ABLE TO DO 1+1 OR I WOULD NOT EVEN KNOW HOW TO READ OR SPELL. I REALLY LOVE HOW MY TEACHERS ARE ABLE TO WORK WITH ME AND NOT FLIP OUT. IT IS SO AMAZING HOW MRS.SULLIVAN CAN MAKE SUCH AN AWESOME SCHOOL AND TAKE CARE OF HER OWN KIDS AT THE SAME TIME. SHE IS TALENTED! THESE ARE THE MOST AMAZING THING EVER AND THATS WHAT IM THANKFUL FOR!

What I'm thankful for, that's an easy question. Lots of people would say that. Their answer would probably be video games, or technology, but it's a pretty big deal to me. I'm thankful for lots of things, like the world I live in, the beauty in life and family. I love my life so much. It couldn't be any better.
