## *I am Thankful for Dogs*

*I am thankful for dogs because they are so cute and cuddly, and a lot of dogs I have had in my family have helped me in rough times. My favorite dogs that have ever been in my family are Lila, Cody, Stella, Hank, Gus, Gunner, and my dog right now Sophie. Cody and Stella have passed away but I am still very thankful for them and I still love them very much even though they are not here anymore. Anyways I love dogs so much because they are cute and cuddly and cute. Oh..... Did I say cute again. They are just so cute that I forgot I said cute before. My dog Sophie loves me so much and do you know why I know? It is because everytime I come home from anywhere even if I just step outside for a minute she will jump on me and wag her tail so much that when she wags her tail I can hear her wagging it. I love dogs!!*
