

Thankful

I am very thankful, I have everything I need and want. I have activities food water shelter family friends teachers, a good president, clothes school and medicine. I have a story for almost all of them. This is my story for activities. I do gymnastics for free time. I used to go to a place called Rye YMCA and it was bad. Now I go to this place and it is amazing. It is called Chelsea Piers. I am thankful for my activities. I am grateful for food water shelter because I went to Long Island and there was a poor guy and he was hungry and thirsty so we bought him a water and a soup and he was happy so I am grateful for food water and shelter. I am grateful for my family and friends. I am thankful because sometimes siblings fight and don't get along and the same for friends, I am thankful for my friends and family. I am thankful for my teachers. They always help me with work. Sparrot you. In the beginning of the year we got our teacher and my teacher was very nice but it was like he was sweet talking me but he was not. I am thankful for our president he takes care of our country. I am thankful for my clothes because some people do not have. I am thankful for my school because they teach me so much. Last but not least I am thankful for my medicine because

I have ~~allergies~~ allergies and Asthma
so I need a lot of medicine. I am very
