Grade 6

Being thankful means to be nice to other people. During this time of year, many people give thanks. One reason is they give thanks to people because they are happy with what they are doing so they give thanks to them. Being thankful is important because people will be thankful to you and you can be thankful for them.

I'm thankful for my family. One reason why I'm thankful for my family is that when it is my birthday they always get me a gift and I do the same thing for them.

Another thing I'm thankful for is my friends. My friends always got my back and I got theirs too. They also support me and I do the same thing they do for me. They come to my house and we go in the pool and do other stuff too. We go on walks and go to the park and hang out.

As you can see I am thankful for my family and friends. They are thankful for me too.
