

To me Thanksgiving is very important. Let me tell you why. The concept of Thanksgiving is to spend time with family, watch football, and eat turkey.

Another reason why Thanksgiving is important to me is the people I'm thankful for. For example my mom and my grandma. I am thankful for my grandma because she helps me numerous times. I am thankful for my mom because she provides me with a home, food, and all my needs. Additionally spending time with family is important and it is the perfect time of the year to do it. In conclusion, this is how I celebrate Thanksgiving.
