

Do you realize how many things you should be thankful for? Well here are some things I am thankful for. I am very thankful for my family. My family

is the most important thing in my life. They get me the toys that I want and give me food, shelter, and they also love me. I am also thankful for my friends. They help me when I have problems and when I'm sad. I also have fun with them. I also can't forget about school. School gives me an education. If I did not get an education I will not get a job and I can't go to college. I would be homeless. Those are three things that I am thankful for.
