

What am I thankful for this year?

Colors bright ,colors delight
Autumn leaves ...a beautiful sight.
I see the colors at day and night
I often wonder why I am here
And what I am thankful for this year.

I'm thankful for mama to hug her so tight
I'm thankful for health
Knowing that I am alright
I'm thankful for papa who comes to my bed every night
Who comforts me in the dark when there is no light
I'm thankful for my sister and the fun we have
I recite poetry while she laughs.
I'm thankful for the life I have here
And my family love that is so dear

Now, what are you thankful for this year?
