Thanksgiving reminds me of all the things I'm thankful for. I appreciate my family, my education and shelter.

I am thankful for my parents because they are always there for me. For example, when I need help they are there to help me. There was a time when I needed help with this hard question that I could not answer and my Dad helped me. Another reason I'm thankful for my parents is because they support me. One time I could not do a walkover ( a walkover is a hard gymnastic trick) I felt really frustrated when I could not do the walkover. My parents supported me when I was trying to do the trick. They helped me, they supported me and I did it!!

I am also thankful for my school because the teachers are nice and they make learning fun. Instead of doing math problems by ourselves we do it together on fun websites such as Whiteboard.fi, and Xramath. Another reason I'm thankful for my school is I have a lot of friends to play with and hang out. For example; I have Cayla and Daniella as my BFF. We play at recess and do fun things. School also makes me have a lot of friends because I meet new people.

I am also thankful for my home because home is shelter. For example; when it rains I have a roof over my head. Another reason I'm thankful for my home because I have everything there. If I want food I go home and eat.

Because of Thanksgiving I remembered what I'm really thankful for, my family, my School and my home.
