

NAME: Andrew Gould

I'm thankful for soccer. The reason I'm thankful for soccer is it's fun to play the game.. I love to play since you have a lot of fun and you get new friends. I'm also thankful for soccer because you get great exercise and that you get cheered on when you score goals and when I get cheered on it makes me feel good about myself.

I'm thankful for fishing. I'm thankful for fishing because it is a wonderful feeling when you catch a fish. I'm also thankful for fishing because a lot of people help me when I need help. Also I love to fish because when I catch a fish everyone that is at the place where I'm fishing looks over and gives me great compliments. It feels great when people are nice like that.
