

## THANKSGIVING ESSAY

11/20/20

Isaac

Thanksgiving reminds me of all the things I am grateful for. I appreciate my family, friends and a home.

I am thankful for my family, they are always there for me and try to make me happy. For example when I am stuck with my math homework my dad helps me (he is a math teacher so he is good with that stuff). My mom made me happy when she bought me two toy nasa trucks.

I am also thankful for my friends because they help me and play with me. For example, a bunch of my friends and I are making a theme park (for now it's made out of paper but not for long). Once my friend helped me with a subject I am not good at.

And finally I am thankful for a home. I am safe and sleep well with a home. For example once it was windy in the morning and I was grateful not to be out there.

I am thankful for a lot this year and it is nice to be thankful.

# Happy Thanksgiving!
