

## **Thankful Essay**

By: Larry Salisbury

Everyone has something to be thankful for. I'm thankful this year. I am thankful for my family and to have food.

It's good to have a family during this time. First I spend about 1 to 2 hours with my family. Sometimes we play games to pass time. Also, I am thankful that nobody has covid in my family. That means I am safe at home without a mask.

Everybody needs food to eat. First we have to go to the store to get food. We need masks to go to the store. Second we don't want anybody to bring us food but are family. Because we don't want to get covid from the person or people.

I'm thankful for this year. It's fun to be with family during this time and we all need food to eat or we won't survive.
