

# **I am Thankful for my Pet Rat Remy**

Written from his prospective!

**I am so soft and cuddly,  
I am so lovely.**

**I love scratches and belly rubs,  
however I do not like bathtubs.**

**I like to chew pencils and papers,  
but what I like to chew more is fingers.**

**I love to run and explore the house,  
but my best friend will never be a  
mouse.**

**I am black and white all over,  
but I have never been in a moon rover.**
