

Thankful Essay

By Savannah Tucker

Who would you love if it wasn't your family? There are many things I am thankful for. I am thankful for my family and my friends.

One thing I am thankful for is my family. One example is my sisters help me with my homework so I get it done on time. Another example is my parents help me when I lose stuff so I find what I need with their help.

I am also thankful for my friends. One example is my friend Paige. When I need something she goes to get it so if I need it I have it. Another example is if I am bored she comes to my house with me so I am not bored.

Hence, there are many things I am thankful for such as my family and friends. It is important because I want people to know how much I love my family.
