

What I'm Thankful For!

I am thankful for all of my farm animals. I am thankful for them because they make me cozy and feel safe. I love my farm animals so much. My favorite farm animal that we have is cows. I go out and play with them and pet them every day. I also feed them and give them hay. One of the cows named smokey likes to go in the middle of the hay feeder to get to the bottom of the hay. All of the cows are calves other than two of them we have six cows. Their names are smokey,rooster,babie,milkshake,spot,and midnight. We also have ducks and chickens. We have 15 chickens but we started off with 22 and we have 4 ducks. We also started off with ten ducks and a bunny but a mink Got most of the animals other than one of the chickens when the chickens were younger the heat lamp fell and burned the bottom of the cage and landed on the one chicken. The only one I really miss is the bunny. The bunnies' name was penelope. It was one day before we were going to move her inside from the cold.
