

I am Thankful

By.Jane Bender

I'm very thankful for all I have and I'm so lucky. For all the catholic education I am going from school in a very safe and nice neighborhood so I can get education to get a job when I'm older. We Are very lucky to have transportation like busses,taxis,shuttles,ferries,cars,and bikes that we can ride around without worrying about cars because we have stop lights.

Another thing that I am thankful for is food water, and shelter for example.we have stop and shop and a local grocery store were we can get food water and more .I have a house to keep me safe from dangerous weather like lightning rain thunder snow hayl, and more

In addition we have a sports league and toys. The sports league is called cyo, and we are very lucky to have it. So we can play a lot of sports and activities that we enjoy. And we have toys that are very fun and we are thankful to have them to play with.

Another thing that I am thankful for is health medicine and armed forces we are thankful for medicine to keep us healthy and not sick and medican keeps the everyone healthy and the armed forces so we can be more thankful, to have them

Another reason is my family keeps me safe and they help me. My mom does lingerie cookies and more and my dad cooks, cleans, drives us to sports and more and my family is very nice to me and appreciates me and that is why I'm thankful for them.

In conclusion, I'm just so lucky to have everything and more and that is why I'm so thankful for everything I have.
