Thankful. Thankful. Thankful:
Much easier said than done.
I've got all these things to be thankful for:
Yet, I always feel like I'm missing one.

Thankful. Thankful. Thankful:
A family that loves me,
They gave up their world so I could have mine.
Yet, somehow I still feel lost at sea.

Thankful. Thankful. Thankful:
The strength to carry on,
Most days it's enough. They're enough.
Yet, others I'll still long for the ones who taught me to hold a crayon.

Thankful. Thankful. Thankful.
I'm thankful for it all.
But sometimes, it's hard to be thankful,
With that image of *the* perfect parents up on the wall.
