Thankful Poem

Thankfulness is key
Everyone should appreciate
Friends are important,
They're there when you need them
When you're down they will always be there.
We all know, without money we'd die
From starvation and no shelter
Which is why I'm thankful for money and the shelter
Music is my therapy
My happiness and joy.
My everything and more
I'm thankful for all these things
And I want nothing more.
