I'm thankful for the moon  
And thankful for the stars  
Thankful for my family, no matter where they are

I'm thankful to my parents  
For giving me a home  
But I am also thankful the world  
That I have yet to roam

I'm thankful for the little things,  
All the beaches I have walked  
And especially all the great people  
to whom I have gotten to talk

I'm thankful for fun weekends  
And that holidays are coming soon  
I am thankful for my friends  
I'm thankful for the moon
