Gratitude is a feeling that I experience everyday of my life. I am grateful when I wake up, when I get to school safely, when I eat every meal, and when I go to sleep. I often think about all I have been given and all I have with a smile on my face. I am grateful for all of my family and friends, the roof over my head, the food on the table, being able to attend a good school, all of my material items, and the country I live in.
