Thankful

11/10/2021

I'm most thankful for my family because my mom and dad gave me a roof over my head and giving me food to eat. I'm mostly thankful for having clothes because if I didn't it would be weird and I wouldn't have anything. I am also thankful for the friends I have or had because without them I would have been lonely all these school years if I didn't have them, even fake friends I had they sometimes made me feel like they were my actual friends. The last person I'm thankful for is my cousin that passed away in 2019, but I had fun with through the years I was with him because I always played video games with him all the time and I enjoyed it but it once ended.

Happy Thanksgiving
