

Jakub Poza

11/10/21

I am thankful for the nights when
your in bed with your parents by your
head

I am thankful for the days
when they put food on the table

I am thankful for the days that
your parents overwhelmed you with kindness

I am thankful for the days where
they help you with the things when
you struggle.

I am thankful for my parents that
help me every step of the way.
