

## What I'm Thankful for

I'm thankful for a lot of things! One thing I'm thankful for is my family. My family always supports and helps me and are always with me. On top of that, we do a lot of cool and fun things together. Last Friday I went to an aquarium with my cousins, aunt, mom, dad, and brother. Last year, my family and I went to Florida. We went to Seaworld and Epcot. We also visited my uncle. That was a good trip!

Something else I am grateful for are my friends. My friends invite me over a lot, and I invite them over too. In addition to that, we do a lot of stuff together. Every year, on Halloween, we get matching costumes and go Trick-or-Treating together. Besides that, we share a lot of interests and my friends are enjoyable to be with.

Another thing I'm thankful for are my pets. I have two guinea pigs and they love being hand-fed and petted. They also like to sniff and nibble random things; yesterday one of them nibbed a rubber band! They get excited whenever they see me or hear a plastic bag wrinkling. They also make messes with their food!

I am also appreciative of my food and water. You can't survive without food and water, and my family and I have an unlimited supply of food and purified water. A lot of people in poor countries have to drink dirty water straight from a lake or river and it makes them sick. They also don't have much access to food.

Something else that I'm really grateful for is my home. My house provides shelter and warmth and gives me a place to sleep, eat, drink, relax, and use the bathroom.

These are just a few of the many things I am thankful for. I am really thankful for everything I have.
