

## The Light of an Angel

Thankful is like a light.

Light fills up a room like a floating spirit.

A dog and cat entering the room levitates my heart  
into a collection of love and gratefulness.

- 5 The parents from heaven being put on Earth gives  
us life so we can be the light of the room.

You are an angel sent on Earth.

You are an angel that becomes thankful for the  
things they were given.

- 10 So...be the light of an angel.
