

## WHAT I'M THANKFUL FOR

The things that I'm grateful for are that I have the opportunity to be in school; some people may not have the chance to do so.

My life would be very bad if I was not in school; school is very important to have a career in life.

When you look at life it will stare at you and say, "I'm very hard" "you wont make it." So you get up and say "it doesn't matter I will work as hard as I can to be what I want". When the world turns its back on you, you turn your back onto the world and be thankful for the little things in life such as those who make a different in your life.
