

What I'm Thankful For

I am thankful for my family,, they have been there for me ever since I was a tiny baby. I am also thankful for my friends. Even though I can be very challenging at times, they have always stayed by my side no matter what happened. I am also thankful for my teachers, for always helping me throughout the years and also for accepting papers I had to turn in late and not failing me for it.

My life would never be the same without them. If my family didn't raise me to be the strong person I am today, I don't know where I would be. I would most likely be alone and by myself if my friends had not stayed by my side helping through the hard times and pulling me through. The last people who changed my life are my teachers. If they had never stuck with me and helped me I would not be as smart as I am today.
