

What I am grateful for is my family. My friends because they are nice to me. The food on my plate. That my family is caring. I am thankful for the people who care for me.

The reason why is because that is why I am here; if my mom did not put food on my plate I would die. If my dad did not work I would not have a home. If I did not have friends I would not have fun. Without school I would have never met my friends and would not be smart. That's why I am thankful for my school.

I am thankful for the church. That teaches me the most. About how to treat other people. Because when your time comes you can not say sorry. So that is why I am thankful for the church.
