

# The Qualities of Thankfulness

~ by Mia Ledesma

One quality I am thankful for,  
Is my compassion which I adore.  
I am thankful for my kindness,  
Which helps me not to be mindless.

The second quality is caring,  
That helps me with my sharing.  
The most important is love,  
It helps make peace like a dove.

Qualities help us express ourselves to be thankful,  
To give thanks to all things we love,  
We even give thanks to God above.

Thanksgiving is important to me,  
I love all my qualities.  
That's what Thanksgiving is all about,  
Being thankful without a doubt.
